

Reno Evening Gazette.

VOL. VI.

RENO, WASHOE COUNTY, NEVADA, SATURDAY, FEBRUARY 15, 1879.

NO. 117.

Talk is Cheap.
And so are fine clothing, boots, shoes, hats and gentlemen's and boys' fine furnishing goods. If you go to the right place to get them. This is a mighty important point, for some people who seem that they sell cheap do nothing of the kind. I do not mean when I say that I sell cheap, in price in anything I may have. Besides this I have only one price. I have no preferred customers. Everybody is treated alike at my establishment. My stock is the largest and most complete ever offered in any part of this State. Everything I have is new. No old, musty and out-of-date goods can be found on my shelves. I regularly display and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of my prices and examine my stock before going into those humbugging cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. I regularly sell goods for the benefit of the thing. I make a profit on everything I sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. I particularly call attention to my full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of my specialties. Remember the place. The White House, No. 19, Commercial Row. Orders from the country promptly attended to.

Something of Interest to the Public.
Having opened a first-class merchant tailor establishment in Reno I beg leave to inform the public that I am prepared to make gentlemen's garments, and repair the public's price-list below, which will convince all that the rates are reduced far below the prices formerly charged in the state of Nevada:
Pants, cashmere, made to order, from \$8 to \$12. Usual price, \$12 to \$16.
Black dress pants, from \$12 to \$15. Usual price, \$15 to \$18.
Business suits, from \$30 to \$40. Usual price, \$40 to \$55.
Fine Scotch suits, imported goods, \$45. Usual price, \$50.
Fine diagonal suits, from \$40 to \$50. Usual price \$50 to \$70.
Fine black & beaver dress suits, from \$30 to \$50. Usual price, \$55 to \$80.
Give me a call and convince yourself. I guarantee a good fit for all work done in my shop. Clothes repaired and renovated on the shortest possible notice and satisfaction guaranteed.
S. JACOBS,
MERCHANT TAILOR,
Virginia Street, (Building formerly occupied by Justice's Court.)
Jan 15/79

Let It Concern All.
Who is there that can say "I am under obligations to no one?" The young man just entering business life owes to the home in which he was nurtured and educated, to the parents who have supported him, and to the younger members of the family who have been denied luxuries to make his advancement sure. At middle age the necessity for insuring life increases with his responsibility. If in health, his first duty should be to attend to it. Unhealthy lives are not insured. Insure while you are in an insurable condition. Every day brings with it the possibility of some cause which will forever bar insurance. Let not the father of a family suffer the opportunity to pass without embracing it. He owes it to his life, to his children and to the State. To become a member of the **Seaside and Marine Mutual Beneficial Association of Petaluma** costs from \$5 to \$10, according to age. Members of the Reno Agency have already been paid about \$10,000 in benefits. Over \$300,000 have been paid in benefits since its organization in 1868.
B. B. BAUM, AGENT,
Office with Dr. Snow, International Hotel.
Feb 1/79

The scarcity of diamonds, gold and silver, and the difficulties met with in securing them, is a sure indication of their value. Thus it is with a valuable medicine: Dr. Aug. Kaiser's celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom, or put out a prairie fire with a tear. For the cure of Croup and Lung diseases, such as Coughs, Colds, Consumption and Bronchitis Affections it is unequalled. Its cures are truly magical. Ask your druggist, Ostrum & Shoemaker, for it. The genuine bears the "Frusian Coat of Arms," the fac-simile signature of Dr. Aug. Kaiser, and the name blown on every 75 cent bottle. Total bottle, 25 cents. **auth'd**

Monks Schwan & Co., 19 and 31
Post street, San Francisco. Oil Paintings, Water Colors, Engravings and Frames. We have a variety of description for cabinet pictures. These elegant goods are the choicest description and are the latest productions of some of our most eminent artists. IMPROVING THE COUNTRY.

The Orr ditch company has an assessment on its stock of three dollars per share. We are not informed of the use to which this money will be put, but we hope it will go to enlarge the flow of water into Spanish Springs valley. It is high enough to irrigate a great deal more land than it does. There are very nearly five thousand acres of extra good land which could get water from it if the supply was sufficient, besides what is already under cultivation. There is a little flat land lying just above the English mill which would make a fine ranch. It would be in sight of Reno and within fifteen minutes walk of the depot. The great body of the land, however, lies over the long spur around which the ditch is carried. Here is an unbroken desert twelve miles long and from one to four wide, through the center of which runs a furrow on the line of this ditch, a few acres at the lower end of this land where the valley narrows down to get through the pass leading to the Truckee meadows is alkaline, but all the bulk of it is a fine sandy loam lying with a gentle south slope capable of producing anything and everything. The frost here is much less than on the river. Snow seldom lies longer than during the storm in which it falls. The finest berries on the coast will grow in Spanish Springs valley. Mr. Poor, on his ranch two miles west of Reno, now raises the largest and sweetest berries we ever saw and this land is better for them than his. The old Spaniard at the springs from whom the valley receives its name, scatters the few drops that trickle from the fountain over twenty-five or thirty acres of ground and has a sure and abundant return. A trifle would enlarge this ditch to the capacity of five thousand inches which would give a plenty for the piece of land between the line of the ditch and the railroad track. It would be divided into little bits of forty acre farms and perhaps less. It would support a thousand people in comfort and if gardened would do double that. It would increase the business of Reno twenty per cent. a year. It would add to railroad freights and do more to bring down the tariffs than all the legislation we will get this winter. It would sell a million feet of lumber the first year and half that much for the next five. If the Orr ditch company needs any help of Reno it ought to get it either in the way of credit or investing. Water rights in Nevada will always be bonanzas more lasting than pockets of silver or veins of copper. Every year they are worth more. Every year they go further spreading the most precious fluid ever brewed in the mystic laboratory of the universe, over new fields of sage brush a blessing to mankind.

RAILROAD HEADQUARTERS.

In a conversation with an officer of the Central Pacific railroad yesterday, he expressed the opinion that if Reno made an effort, she could secure the removal of the headquarters for the Truckee division from Wadsworth to this place. There are a great many reasons why Reno would be better than any other place on the division for engine and car shops and head offices. There is no water to be had at Wadsworth except by pumping, which keeps a man at the valve day and night. In case of fire the supply would be very limited. The quality is slightly inferior to that of the Truckee river. The grounds are much better here for tracks, turntables etc. than there. An unlimited amount of level ground could be obtained, and water under pressure taken all over it. Reno is at the foot of the mountains where nearly all the danger and nine-tenths of the work is. Accidents frequently happen between here and Truckee which require the attention of the superintendent, road-master, wrecking train etc., and in such cases time is money. The objection is that the road from Truckee to Reno is too short, and from here to Winnemucca too long to divide the runs here, so that if the superintendent was here he could not see the men on the east end every day, and if three shops were located here it would still be necessary to keep engine houses and supplies at Wadsworth. There would be no trouble in doing that, and having engine coals to Reno when they need work done in them. A great deal of

the laying over is done here in Reno. The Virginia and San Francisco train brings an engine here every day, and the Truckee freights keep one and often more here. This work will grow from year to year, and engage more and more of the attention of the officials while the balance of the route will remain stationary. The officers who are located at Wadsworth would favor the change, but the general officers might be slow to encourage it. They like to have their business off by itself where they are free from interference and local control. They own Wadsworth and it has no other source of support but them, and they are under no obligations to any one, while Reno has always been very independent and sometimes hostile. The company might be induced we believe to make the change if inducements were held out to them. If ever made it must be done now, as great improvements will be made this spring. Stone foundations will be built under the houses, the wooden roofs replaced by corrugated iron ones and things fixed so permanently that no change will ever be made.

JOINT RESOLUTION.

Petitioning Congress to donate five hundred thousand acres of arable desert land to the state of Nevada for internal improvements, the proceeds of such land to be applied to constructing irrigation canals for the purpose of developing the food producing resources of the state. Because.
First—As a people we are buying our food from neighboring states.
Second—The permanent wealth and prosperity of the state lies in the development of its food producing resources.
Third—The food producing resources of this state lie in arable desert lands and the waters of irrigation.
Fourth—The arable desert land in this desert state are valuable.
Fifth—Such lands can only be made productive and valuable by irrigation.
Sixth—That a holding or controlling of the waters of irrigation controls the food producing resources of the state, therefore the waters of irrigation should be appropriated to and vested in the state, the state to construct canals and deliver the waters for irrigation, at such rates as may be fixed by the people, from time to time forever, thereby placing the production of food to his own use and benefit within the reach of laboring men, and for this state within this state. Therefore, be it
Resolved—By the senate, the assembly concurring, that our senators and representatives in congress be requested to lay this subject before congress, to the end that a grant of arable desert land of at least one hundred thousand acres shall be had to this state, the proceeds to be applied to internal improvements in the construction of irrigation canals for developing the food producing resources of the state. Such land to be selected from any land eligible situated for irrigation along the line of location of such canals, and within a belt of ten miles in width on either side thereof, provided that not more than eighty acres shall be conveyed by the state to any one citizen or person after actual residence and cultivation for a period of five years.
Resolved—That the Governor be requested to forward immediately to our senators and representatives in congress copies of this preamble and concurrent resolutions.

Three years ago the Methodist conference passed a resolution authorizing the conference board of education to appropriate ten thousand dollars towards a Methodist college for both sexes in case any town in the state would give a like sum, the school to be located in such town. Reno ought to make a big effort for this college. When we get a little bit older our Methodist brethren will hear from us.

The Reno GAZETTE expresses a desire to vote for James A. Garfield for President in 1880. It should add old Mad. Wells to the tail of its ticket, for one is about as worthy as the other.—Eureka Sentinel.

That catches Jimmie's corn.

Bodie Mechanics.
BODIE, Feb. 13.—The strike of the Mechanics, Union remains the same. The members held a meeting to-day with closed doors. We are unable to ascertain the proceedings. The mining superintendents held a meeting to-day and decided to resist any interference by the mechanics, and would keep closed down and import engineers if necessary. The Mono company kept an armed guard at their mine all night. The following mines are closed: Standard, new works, Bodie, Bechtel, Blackhawk, South Bodie, Dudley, Queen Bee, Goodshaw, South Bulwer, and Tioga. The Miners' Union disclaim any connection with the strike, and will hold a meeting this evening. They will probably take action in the matter, as it throws many of their men out of employment. No violence is anticipated now.

Dreadful Ramer.

LONDON, Feb. 14.—It is reported from South Africa that the native levies serving with the British have risen en masse and massacred their officers. Those natives engaged in the fight on the 21st ultimo have massacred their officers and the bulk of the native force along the frontier is deserting. The Colonial secretary referring to the above report says: "We have no information in any way confirming the rumor that the natives have risen against their officers."

A FIERY DEATH.

Fifteen Men Burned to Death at San Jose, Cal.

SAN JOSE, Feb. 14.—A most distressing accident took place at tunnel No. 3, through the Santa Cruz mountains, on the line of the Southern Pacific Coast railroad, four and a half miles above Alma station, at 9:30 o'clock last Tuesday evening, by which one man, M. C. Hyland, the foreman, and fourteen Chinamen were so severely injured that it is thought eight or nine of the latter cannot survive. For several weeks, owing to having struck petroleum, the

GAS OZZING FROM FISSIONS in the rock through which the tunnel is being run, great care has been taken to flush or burn this gas accumulated between the blasts, which heretofore had never accumulated to any extent. This was done by approaching the inner end of the tunnel with a lighted taper on a long pole. The gas as seen as the light reached it flashed off, and all was clear for a time. The amount of gas increased so of late that the foreman, fearing danger, quit, and the new foreman, M. C. Hyland, who is among the injured, was substituted several days ago. Last night the man selected approached as usual to touch of the accumulated gas, the others having retired some distance. It is thought that the blast just previous had opened a larger fissure of gas than had been known, and instead of the usual flash, as soon as the light reached it a

MOST TERRIBLE EXPLOSION followed. The report was heard for miles and a volume of flame shot through the tunnel and from its mouth to a height of two hundred feet in the air. A ten-ton engine used for supplying the tunnel, was completely turned over, and the blacksmith shop, a distance of about seventy yards from the mouth of the tunnel, was blown to pieces. A few minutes after the explosion, Hyland, the foreman, groped out and was soon followed by three or four Chinamen, all of them

HAILLESS AND HORRIBLY BURNED about their heads, or such other portions of their bodies as were not covered by clothing. A hundred or more persons from the Chinese camp contiguous were soon on the spot, and the work of getting out the others was commenced. It was found that lights could not be used for any distance, and the men went in and carried the others out, groping about after them until they were found. It cannot be said how far they were found, but they were very little bruised. All were alive but burned to such a degree that those who live will be frightfully marked. Several have their eyes burned out and all are unrecognizable. It is believed many have inhaled fire. It is probable that a shaft will have to be sunk to ventilate the tunnel before any great amount of drifting is done.

The San Francisco Examiner approves of the vote on Chinese immigration which the GAZETTE brought about. It says:

The voter will declare either for or against Chinese immigration on his ballot. The result of the total vote will be transmitted to the Executive at Washington, to congress, and to the governors of all the states and territories. One object of the bill is to convince the people on the other side of the continent, congress, and the authorities at Washington, that the sentiment of the people of Nevada is almost unanimously in favor of prohibiting or greatly restricting the immigration of the Mongolians. A vote in California and Oregon would show a similar sentiment.

Not a Paradise.

(Virginia Chronicle.)

A gentleman who arrived from Bodie yesterday speaks very disparagingly of that region. He says the are 450 men working in the mines, and about a thousand walk around idle. In that small town there are sixty-five saloons, five butcher shops, two bakeries and two dance houses. People are crowding in there from all parts of the country with the expectation getting work, and when their money gives out, they walk the street begging the loan of their fare back from their friends.

A Man Shot in Modesto.

MODESTO, Feb. 14.—Miles Painter was shot and is thought mortally wounded. The report says it was done at Chinatown this morning about 1 o'clock. It is impossible to get particulars, as the parties who were with him are not disposed to give the cause but it is supposed that it was done by a Chinaman.

"Have you ever been in prison," asked a lawyer of a witness, whom he was disposed to badger and bully, as the profession are apt to do. "Yes, sir," "When?" "In 1863." "Where?" "In Andersonville." There was a momentary pause for breath, and then a round of applause that shook the courtroom.

Bret Harte.

LONDON, Feb. 13.—The Daily News says: Bret Harte's lecture, "Arguments of '49," was a great success. Of all the disciples of Dickens, Harte is perhaps the only one who has not fallen into the trick of aping his master's mannerisms. He is almost the only American humorist with sentiment.

Indians Raiding.

DEADWOOD, D. T., Feb. 14.—Last Monday a band of twenty-five Indians raided the camp of three hunters on Cheyenne River, thirty miles east of Rapid City. The Indians captured one gun, one horse and all the provisions and blankets. The hunters say the Indians had a band of 100 horses and were moving northward.

CONDENSED TELEGRAMS.

A band of Indians raided a hunters' camp near Rapid City, Dakota, on the 10th. They had about one hundred horses and were moving northward.

The Teller committee is engaged in hearing evidence relative to the intimidation of colored voters in the South at the last election.

A national conference of Irishmen is proposed, the object being to promote Irish immigration and secure the greatest advantages to, and protection for the Irish immigrant.

The Republicans in the Michigan legislature have unanimously nominated Zach. Chandler for senator.

The sheriff of Washington county, Pa., has arrested between sixty and eighty rioting strikers. The commandant of the militia of the district has been instructed to aid the sheriff if necessary.

In Baltimore five judges of election have been convicted and sentenced today for interfering with United States supervisors at the recent congressional election.

Members of the next congress will have to pay their own postage on mail matter.

The American merchants who went to Mexico say that the Mexican people desire closer commercial relations with the United States.

Henry Goodyear, of India rubber fame, died in Paris on the 13th.

It is reported in London that news from South Africa has been received that the native levies serving with the British have risen en masse and massacred their officers. Those natives engaged in the fight of the 21st ultimo have massacred their officers and the bulk of the native force along the frontier is deserting. The colonial secretary, referring to the above report, says: "We have no information in any way confirming the rumor that the natives have arisen against their officers."

A military cordon has been ordered along the entire course of the Volga to prevent the spread of the plague. Russia persists in regarding the Roumanian occupation of Arabia Tabia as an affront to her military honor, which must be settled between herself and Roumania.

A revolution has broken out in Hayti. A negro disturbance of an alarming character has occurred on the island of St. Vincent.

The President Congratulates Collector Merritt.

[Press Dispatch to the Enterprise.] New York, Feb. 13.—The following is executive explanatory:

EXECUTIVE MANSION, WASHINGTON, D. C., Feb. 4.—My Dear General: I congratulate you on your confirmation. It is a great gratification to me, very honorable to you and will prove, I believe, of signal service to the country. My desire is that the office be conducted on strictly business principles and according to the rules of the civil service which were recommended by the civil service commission in the administration of General Grant. I want you to be perfectly independent of mere influence from any quarter. Neither my recommendation or that of Secretary Sherman or of any member of congress or other influential person must be specially regarded. Let appointments and removals be made on business principles and according to the rules. There must, I assume, be a few confidential places filled by those you personally know to be trustworthy, but restrict the area of patronage to the narrowest limits. Let no man be put out merely because he is a friend to Mr. Arthur, and no man put in merely because he is a friend. The good of the service should be the sole end in view. The best means yet presented, it seems to me, are the rules recommended by the civil service commission. I shall issue no new order on the subject at present. I am glad you approve of my message, and I wish you to see that all is expressed or implied in it is faithfully carried out. Again congratulating you, and assuring you of my entire confidence, I remain yours, sincerely, (Signed) R. B. HAYES. To Gen. E. A. Merritt, Collector of Customs, New York.

Governor Bradley.

Of the whereabouts and present condition of ex-Governor Bradley the Elko Independent of Tuesday says: Ex-Governor Bradley, accompanied by his son, John R. Bradley, and Miss Georgia Walker, a niece of Senator G. H. Shepherd, arrived from Lathrop, California by the train last evening. The old gentleman endured the fatigue of the journey much better than was expected, and reached the residence of his son somewhat exhausted, but without being distressed in the slightest. Rooms have been prepared for him at the Hot Sulphur Springs, just below town, and he will try the virtues of those waters for a few days; his son, John Bradley, remaining with him, during his stay. The governor was removed to the springs easily and comfortably about noon today. It will be a source of satisfaction to his numerous friends to know that the old gentleman is slowly recovering from his late attack, and it is now thought that he will in due time be fully restored to his usual health.

Fatal Explosion.

JACKSON, Mich., Feb. 14.—The even in the retorting-room of the Jackson chemical works exploded yesterday morning, entirely demolishing the building. Fully insured. One furnace man was killed. The shock was like an earthquake and was felt for a mile.

Murderer Hanged.

Cleveland, Ohio, Feb. 13.—Charles McGill was hanged at noon to-day for killing Mary Kelly in December, 1878. The murder was a most brutal one. His last words were: "Don't make any mistake about the rope."

ROYAL ARCH BALL.

THE SOCIAL EVENT OF THE SEASON.

Who Were There and What the Wore—Prizes Awarded, Etc.

Last night was very pleasant on the streets as well as inside the pavilion where a large number of finely dressed ladies and gentlemen assembled at an early hour to celebrate St. Valentine in music and dancing, in the sweet intercourse of beautiful women and gallant men. In accordance with the old Scottish custom of bestowing for a valentine the first gentleman friend the lady upon each fair lady, the ball was an *en masse* and the disclosures made when the order was given to "bare faces" though not so binding as in yore, were very amusing and interesting. The crowd of spectators was very large and included very many state officers and members of the legislature. Several gentlemen from Washoe would have been in costume but for a failure of the mails. The affair was as successful financially.

as it was socially and Reno Chapter No. 7 will now be supplied with fine robes in which to conduct their beautiful and impressive ceremonies. The richness of the dresses was a surprise to all, and showed even in hard times that a wealthy as well as taste people we are. Some of the dresses were quite original. Many were made and these compared most favorably. All were modest, neat and tasteful. Nearly 150 people were on the floor in costume, and represented nearly everything from an Arctic Esquimaux, to a city black.

The grand march was led by Director General Chamberlain, who took the ladies to the right, wheeling them down the hall, then the two files they marched the length of the hall in couples, returning in a double line of couples. Then formed in two long lines on each side of the hall when

who proved to be Mr. Kinkead marched in with his twenty guards and after a most beautiful exhibition of drill in which the big drum blown by Hamersmith and the little one beaten by Ike Chamberlain, with the regularity and time of a three-legged mule on a run, played important parts. The brave men were hailed by their commander in the center of the room and presented with appropriate remarks with a string of assurance which were hung around the neck of Sargent O'Toole. After this impressive ceremony, during which Lieut. Flannigan retired to the rear to drop a tear, the gay company formed on for the dance and from that time until after four o'clock this merriment

PROLIX WAS KING.
In the ranks of the brave Mulligans were C. H. Stoddard, Jack Frazer, I. C. Batchelder, M. B. Dewelly, A. Jose, A. A. Evans, C. Dillman and H. L. Fish. Peter French went as a brigand; Ella Dickson, queen of spades, her sister Lila as a countess, in complete disguise; J. F. Aitken, in a pink velvet which he called a domino; Kate Benham as a gypsy fortune teller, but in too pretty an outfit for any gypsy who ever told fortunes in Reno.

ALICE MOGINLY DID TOPSY
with a wild abandon and persevering hilarity worthy the cotton fields. Miss Jessie Jamison made a beautiful Jockey. Sadie Sykes in a black velvet robe was a poetical representation of Night; G. A. Troy was a duke, Jessie Barnes shone with silver on a white ground, in the character of Nevada; Mrs. Baum, the morning star; A. Luke, six-foot domino. Said Bragg, an original and handsome milkmaid. Mrs. John Wilson was a good Chinaman. Harry Rice, calico man. C. A. Loomis, 601, was a good character. He looked like James. Maggie Hayden was a Spanish girl. George Smith and Ella Hayden, an old man and his young bride. Mrs. P. N. Marker of Washoe, as Orpheus. Miss Mollie Ross, as working woman and later as Persian lady. C. J. Brooks, Romeo. Miss Lada. C. J. Brooks, Frankie Gibbs, gipsy girl, Emma Gibbs, Scotch girl, a regular Highland lassie. Minnie Gibbs, American flag. A. L. Packard, Evening GAZETTE. Mrs. R. P. Chapin, domino. W. R. Chamberlain, George Washington. Ed Puschel, cavalier.

DOES LIE.
no disguise; Charles Thurston, Knight; Mrs. Tombs, domino; Rebecca French, French peasant girl; Her sister was a sweet little sailor boy reminding one of the song. She almost smelt as if she was so natural. Hyman Fredericks, was Young America; John Bell, was a German cook; he looked like a real maker. Miss L. Brown, devil; Fred Hagaman, Italian princess; R. L. Fulton, Knight Templar; Francis Grippie, Chinawoman; Etta Rusack, as old maid of the last century; Ed Fowler, Domino; Miss Fowler, 78; B. F. Bacon, a big handsome king of Denmark; G. Lovell, fireman; Minnie Grippie, domino; Miss Regan, milkmaid; Mary Parker, a pretty little Budd Doble; S. N. Davidson, tar and feather Jones; Mrs. Davidson, a carefully studied German peasant girl; Mary Tombs, quakeress; you looked gentle Mary. Mrs. A. Prescott, first an old lady, then a school girl; James

Donald, Water; B. Coffin, fireman Emma Hammond.

GODDESS OF LIBERTY;
Miss Pauline, Chinaman; Mrs. M. Ash, Lovell's photograph car, well taken; J. Prescott, domino; W. F. Edwards, an Austrian prince, printer prince, good change; E. J. Winchell, an Italian brigand; Mrs. Fish, domino; Carrie Richardson, Jewess; W. A. Walker, fully; Geo. Hymers, old man, good grey beard; J. W. Barstow, Persian general; Frank Stoddard, domino; Richmond Smith, pink domino; James Carlow French peasant; Carrie Ballard; S. St. Amand, domino; Mrs. W. L. Ross, lace peddler, C. Lemery, Spanish count; Alice Higgins, flower girl; Mrs. Jas. Wood, night; Mrs. Arnest, Spanish lady; Mrs. C. W. Jones, night; M. Nathan, old man's boy; Mrs. Lewis, Walker, nun; D. Martin, domino; Mrs. Aitken, night; Mrs. J. O. Sessions, day; Mary Folson, mask; Fred Wetherell, folly; Miss Edie Loomis, morning Journal; Mrs. Getchell, countess; Geo. R. Mosher, fireman; W. A. Fogg, clown; J. Currier, French peasant; James Donald, waiter; Mrs. J. Barnett, as the Reno postoffice was admired; Mrs. J. C. Bonnell, girl; Mrs. Ferguson, same; C. C. Powning, domino; Mrs. Powning, peace; Mrs. Frank Bell, plenty; appropriate combination; Louise Poor, hope; G. P. Barnett, Professor Rogers; Mrs. Barnett, snowflake; Mrs. Cora Stoddard, a charming little Red Riding Hood; Lydia Hutchinson, the butterfly in a beautiful dress; Charles Gilchrist, as a highlander with bare knees, and a broad dagger at his belt; Chas. Coleman, Spanish nobleman; Mrs. Edwards represented a page; Miss Van Lorne and attracted general attention; Miss Hill, domino; the Misses Ruhe, dominoes; Fannie Rusack, bootblack; Sam Enrich, an Englishman; Ed Resolator, domino; Louise Mosher, peasant girl; Rebecca Prescott.

SPRING;
Mrs. Julia Prescott, Spanish lady; Mrs. C. T. Bender, domino; Edith Valencourt, flower girl; Mrs. S. Beemer, comet; Sam Stanaway, page; Mrs. Mark Parish, a comet; this was a fine suit and the fair-haired county clerk looked ready for a trip around the sun. Willie Noyes, noble; Fannie Barrott, fireman; W. H. Holmes, domino; Mrs. R. P. Chapin, domino; Geo. Simpson, Don Cesar de Bazar; Mrs. Schowling was Luna in a handsome blue and white satin dress with silver fringe. Mrs. M. J. Smith, Nan the Good-for-nothing; Mary Hawthorne of Carson represented frost in a pretty dress of white, flecked with silver, which she built herself. Mrs. Watson, rose; Miss Griffin, violet; Kate Stuart; Cherokee Indian; Kate has been kept in the smoke house to get up the right shade of brown. Morris Ash and Joe Kelly, women's rights, a laughable take off. Mark Barnett, William III. Jennie Hill, darkey, Mrs. Lee, domino; Wm. Getchell, Italian prince; Miss Peacock, mask; Louis Kramer, Hungarian officer; Moses McGee and J. J. Quinn, twin Jockeys; C. T. Bender, Jas. David Garrick; C. A. Bragg, L. L. Crockett and S. F. King, were appointed a committee on prizes. They never knew what trouble was before. A household of beautiful costumes and well assumed characters out of which to pick the best, with nothing to go by and thirty minutes to do it in. Mr. Crockett wanted to

WEIGH THEM.
Mr. Bragg, wanted to measure them, but it wouldn't do. They finally gave the first to Topsy, for best sustained ladies character and to C. A. Loomis, 601, gentleman's prize. Miss McGinley got the silver and glass card receiver and flower vase. Loomis' prize was a silver cigar case. Mrs. Pauline's prize for the richest costume, went to Mrs. Parish, a silver cup; for gentlemen, to Billy Getchell, a napkin ring. This gave general satisfaction. A fine supper was spread at Chamberlain's, the International, Merrill's and all were provided for without crowding or confusion. The floor was very good, the hall warm and comfortable, the music excellent. Such a large hall is hard to fill, but Scott's band of five pieces made itself heard plainly all over the room above the shuffling feet, the rustle of silk and the murmured compliment. The walls were embellished by the flag of our Union, which covered the space between windows and hung from the gas jets. The Royal Arch banner occupied the western wall in the center of a large white field, protected by swords. The streets are dull to-day; everybody is asleep or resting. The reaction from the gayeties of the ball masque is complete and will affect the attendance at the churches to-morrow, it is feared.

JOTTINGS
—Remember Scott's source this evening at Kim's hall.
—Rev. J. D. Hammond, of Carson, will preach at the Methodist church to-morrow morning, and Rev. C. McKelvy in the evening.
—Rev. Mr. Bateman will preach to-morrow morning on "The connection between piety and happiness" and in the evening on the "Self-governed man."
—Senator Stewart, speaker Gaston and an assemblyman from White Pine, with Senator Powning and County Commissioner Hyman, visited the prison walls below town to-day.
—The reader's attention is directed to the new advertisement of Messrs. Ober & Marsh. These gentlemen are experienced nurserymen, are honest and industrious and mean to make the business a success.
The Arlington Avenue Nursery
Have a reputation as broad as the state. Every tree and plant from the greenhouse is in the orchard carefully and honestly. For reasonable prices low enough and satisfaction guaranteed. Address
OBER & MARSH
Reno, Nev.

FROM CARSON

Cassidy After the Chinese—The Insane Bill, Etc.

We had a little fun in the senate day before yesterday over the bill wherein Chinese and mongolians are prevented from working on public works. Mr. Conins arose to make a speech on the advisability of passing the bill, in which remarks he somewhat trampled the candid appendage of the Democratic party which very much riled Messrs Cassidy and Criswell, the latter replying to Mr. Conins in the most bitter sarcasm on the Republican party. By this time the fight became a

A REGULAR POLITICAL SET-TO.
in which both sides accused the other of being the friends of the Chinese. After this had proceeded awhile Cassidy wishing to make a record for the Democrats moved to add an amendment to the bill not only public works in the state but all railroads and corporations of every kind. But during the excitement of the debate his motion was not seconded. Senator Powning then made a speech showing where the Democrats had received the Chinese with open arms, and proving the same by reference to their record. In the meantime he was receiving hot shot from all the Democratic members, which he returned as fast as fired with interest, getting the best of the other side on every question. Boardman then moved in substance Cassidy's previous motion which was seconded. Cassidy jumped up with flashing eyes and a very red face claiming to be the originator of the motion, which Mr. Boardman denied. Things by this time had become alarmingly warm and Cassidy even went so far as to claim that the gentleman from Washoe told an untruth if he claimed the motion. It was finally decided that the motion was Mr. Cassidy's consequence the Democrats gained a little cheap notoriety. The bill, however, was laid over, and we will see how well they will keep in the traces when the bill is called up for final passage.

THE INSANE BILL.
has at last passed the assembly by a vote of 30 to 16. It will now have to run the gauntlet of the senate, which will be a hard fight. Boardman and Powning are using all honorable means to procure its passage and they think they will succeed. Powning yesterday asked the senate to visit Reno where they would be entertained by the citizens and shown over the town without regard to expense. Several of the members will accept the invitation, and will be taken to the state ground to-day in carriages and to other points of interest in Reno. If the bill passes the senate, the governor will approve it immediately. Governor Kinkead feels a great interest in the bill, and is anxious for it to go through.

RAILROAD QUESTION.
Regarding the railroad question, the joint committee of fourteen are still at work on numerous bills. What they will arrive at is hard to tell. In my opinion nothing will be done, as the bill will be delayed until it will be too late to get it through this session. I think it would be better for Washoe county if the fares and freights would remain as they are, for I think without a doubt a direct railroad would be constructed from Reno to Virginia within six months, which would build Reno up and would be better than any reduction that could be made. Hence, I think the people of Washoe county should relieve our members from all pledges regarding the railroad question, and allow them to vote for the interest of the county. In case the reduction is made the V. & T. will stop their passenger travel on the freight trains, the C. P. will take off the lightning and the projected road north from Reno will never be built.

THESE ARE NOT PROPERTIES
but clear facts. In the course of time numerous railroads will be built, thereby reducing the tariffs on account of competition.
Next week the legislature will convene at 10 o'clock every morning and will likely hold night sessions the remainder of the term.

St. Mary's Academy.
Reno is pre-eminently the natural centre of the educational interests of Nevada. Gradually this town is clustering within its compass, schools which compare with those of the old states in the Union. The citizens of Reno may justly boast of their public schools, the Episcopal Seminary and Mount St. Mary's Academy. A GAZETTE reporter yesterday visited the Catholic school. Three sisters of the Dominican order, Sept. 3d, 1877, started a school in a brick building on the corner of Peavine and Fifth streets. They commenced with little or no money and attendance of forty-five pupils. They are now teaching in two small frame buildings on North Center street, gave instructions to seventy-five scholars, and are erecting a large school building, which, when completed, will cost \$20,000.
There are six teachers who daily give instructions in this academy. Three devote all their time to the solid studies, and three to music. The text books used are as follows:
Robinson's series of arithmetics and algebra; Harvey's grammar soon to be changed; Quackenbush's restoric Swinton's U. S. History; Frod's Ancient History; Oshes readers and geographies. The reporter has not visited a school where the department is better and the pupils more studious. Most of the boys and girls have

bright faces and recite in such a manner as to show that the methods of instruction employed are excellent, and that the children apprehend what they are taught. They were not in every instance as tidy as one could expect, yet packed as they are, into small uncomfortable quarters, they are more than excusable for this defect. Another serious trouble is the irregularity of the attendance, which, with the overcrowded condition of the school, renders exceedingly difficult the systematizing of class recitations and graded study. The present term will close the first week in June and the commencement exercises of the next term will be held in the new building.

Let the Public Judge.
EDITOR GAZETTE: I have naturally objected to Mr. A. Frederick's unpleasant practice of misrepresenting the capacity of my establishment in the jewelry and watchmaking line. In return Mr. F. makes an exhibition of anger and forgetfulness which ought to be noticed by your readers as a natural curiosity. Mr. F. challenges me to prove that he has ever failed to give satisfaction. I do not need to prove it. I know better, indeed, since Mr. F. has had all his late watch work done in my store since January 18th, 1879. The old gentleman has forgotten where his work was done. I help his memory, therefore, by citing these charges made against me. I have on my watchmaker's books for watchwork, all of which he daily paid. From January, 1878, to January, 1879, \$215 25. The books to that effect are open for inspection for anyone wishing to see them. When my friend Mr. F. says that I never did work for him he does not mean that the work was not done by my shop, merely that I did not personally perform it. As testified by my work and hard earned certificates, I am a jeweler and always keep a first-class watchmaker employed. Mr. Frederick is neither and gets violent as though I were to blame. Mr. F. is anxious to call me a liar. After showing the above figures I might perhaps relent in kind. If, however, the people will read these figures they will know how Mr. F. has been able to render satisfaction as their watches, and also see that it is entirely unnecessary for me to call the late gentleman any names.
Reno, Feb. 12th, 1879.
S. N. DAVIDSON.

Queen's Syrup of Figs.
If you need a purgative at the same time thorough yet gentle and pleasant to the taste, try Queen's Syrup of Figs. Prepared and for sale only at Queen's Drug Store, west side Virginia street, Reno.

C. Jeff Brooks.
Gerson, Variety Store and Candy Factory. Pianos and Organs sold on installment plan and for rent. Virginia street, Reno. Jan 1st

A FEW FACTS

Which I Submit to the Public for Decision.

For the purpose of withdrawing patronage from my store Mr. Davidson recently commenced a mean attack on me in the columns of the local papers, which I indignantly resented. When two persons flatly contradict each other the one or the other must lie. Let us see who did so in this instance.
Mr. Davidson wishes the public to believe that I have sent "all my intricate watchwork" to him personally. This is a gross misrepresentation of the facts, as I will show. I have employed Mr. W. Goggel, who does his watchwork, to do my work occasionally—one when buying goods in San Francisco, on another occasion when sick, and sometimes when overworked with work—but this is all when the gentleman was so kind for Mr. Davidson on commission only, and therefore not strictly a clerk in his employ. Mr. D. received no benefit for any work so given out by me, and I hold and shall willingly exhibit to any one wishing to see them, receipts signed by said workman, in which Mr. Davidson's name is not even referred to—a most potent proof as to which of us lies. On examination of these receipts I find that I have sold Mr. Goggel from February 19th, 1878, to January 14th, 1879, just \$175 75, which represents only a small portion of my work during that time. Compare these figures with those of Mr. Davidson (\$215 25) and see who lies. Again, the book in which Mr. Goggel kept my account is his private property, and Mr. Davidson had no right whatever to examine it. As to my being neither watchmaker nor jeweler, I will leave that question to public judgment, although I may say I learned my trade in London, England, years ago, and although somewhat advanced in years, can hold my own in the former trade with any one, and the confidence my patrons have in me is a sufficient guarantee of my status as a jeweler. In conclusion I will state, should this meet the eye of Mr. Davidson, and should he feel inclined to answer this, in order to draw out another reply from me, the gentleman can rest assured that I will no more pay attention to his misrepresentation, as I feel myself far above Davidson, either as a citizen or in business circles, and in all other respects, and as for integrity, I can refer the public to the commercial world, with pride, which I challenge Mr. Davidson to do.
I. FREDRICK.
True as Steel.

LODI, CAL., Jan. 10th, 1879.
HALL'S SAFE AND LOCK CO., San Francisco, Cal.—GENTS—One night last week, (Dec. 30, 1878), some crackmen broke into my store for the purpose of robbing my Hall's Patent Fire and Burglar-proof Safe, purchased of you some time since. They were, however, apparently satisfied to give it up as a bad job. After tampering with the lock, which they found impossible to pick, their efforts were directed against the burglar-proof box compartment, which they doubtless knew contained money and valuables. A piece of iron about as large as my hand was first cut out from one side of the safe; drills were then sent in against the burglar box, evidently to test the question whether or not the box could be drilled and powder injected. Their drills failed to make any impression whatever upon the steel box, and these worthless efforts to abandon their undertaking. From the artistic manner in which these cracks attacked my safe, I am satisfied that they were professional crackmen who understand their business.
Your Safe proved itself to be what you claimed for it, viz: Fire and Burglar Proof. I cordially commend your manufacture of Safes to public favor. Yours, very truly,
Feb 1-19 C. O. LYON.

"Verbum Sapienti."

When the Army of the Potomac under Gen. McClellan was making its famous march "on to Richmond," the newspapers throughout the land vied with each other in frantic efforts to make a great noise about it, and really for a time made the whole world believe that the exploits of said general and his army were about the only enterprise on foot. Meanwhile General Grant in his quiet and persevering way was "pushing things" in another quarter and accomplishing what he was after. So likewise, while other barbers in Reno are making a furor in the papers about their commodious rooms, elegant outfits, neat shaving, shampooing, etc., it should not be forgotten that Lee "still lives," and maintains his business in his usual quiet and unostentatious way, next door east of Fogg's meat market, Commercial Row, where he will be happy to greet all his old patrons and new ones as well, trusting in his ability to attend to all their wants in the "eternal" line in a prompt and satisfactory manner.

To the Public.
I challenge any one to prove that I have ever failed to give satisfaction. My work speaks for itself and my reputation is too well established to be injured by any slurs gratuitously spread by a business liar. I have said and still maintain that S. N. Davidson is no watchmaker. I do get my fine jewelry work done in San Francisco, but never yet have failed to give satisfaction both in price and workmanship, and the work is better than can be done in Reno. I can prove that on more than one occasion I have had jobs brought to my store to be remade that have been botched by S. N. Davidson. And I further state that if says he that he ever did a dollar's work for me he is a liar.
I. FREDRICK.

A Card to the Public.
All those who think the rumor spread by a certain Jeweler in town true, that I cannot repair watches and jewelry of all grades, will find their mistake by giving me a trial. The person who circulated the above cannot do work himself and in order not to allow his neighbor to live, says it cannot be done in Reno, thereby misleading the public and compelling them to send work to larger cities. Hence, when he has some difficult work to perform, he sends it to my store to be done. I hope the public will no longer allow themselves to be misled, but will call at my store with the work other jewelers cannot do, and be convinced.
Feb 1-19 S. N. DAVIDSON.

A Card to the Public.
A. Raphael informs his patrons and the general public that he is about to visit San Francisco to secure for his spring trade, the largest and finest stock of goods suitable for gentlemen's clothing, that has ever been brought to Reno. He also takes this occasion to thank his many friends for their generous patronage, extended to him through a period of three years, and promises, with increased accommodations and continued attention to business, to merit the same patronage in the future as he has enjoyed in the past.

SIMMOND'S

NABOB WHISKY

Consumers are referred to the following extract from the report of an eminent Public Analyst:
This is a pure barley and wheat spirit, remarkable in fragrant odors, which impart a delicate aroma, at the same time greatly increasing its value as a diffusive stimulant. The solid residue contains a large amount of tannin, derived from storing in oak casks, which imparts to fine old "Whisky" one of its valuable individual qualities. The amount of the residue proves the whisky to be free from the excessive coloring and sweetening so generally used in adulterating. In fact, in two words, it is the PUREST WHISKY, and will not only supply a public want, but that whiskeys are so generally adulterated, but will be of the greatest value to the physician in those numerous cases where pure whiskeys are the most useful of all medicines.

MRS. H. A. MOORE'S

SCIENTIFIC HAIR PRODUCER.

Mrs. H. A. Moore would announce to the ladies and gentlemen who desire the personal adornment of a fine salt of hair, that she has patented her celebrated Hair Restorer, which has now been before the public for a space of two years, and has in every instance given entire satisfaction as to what it produces. No mineral or damaging substance is used in this preparation, and it is guaranteed to prevent hair falling out after four applications. Well-known cases of long standing baldness have been successfully treated (as per testimonials in my possession). It will produce a full flowing crop of hair on all signs of baldness, even to its most pronounced state. It will prevent hair from turning gray.
Preparations forwarded to all parts of the country.
